

APAC Early Stage NSCLC Advisory Board: **A Thoracic Surgeons Perspective**

11 May 2024 | Bangkok, Thailand

**eNSCLC Patients Referral Pathway
by Country**

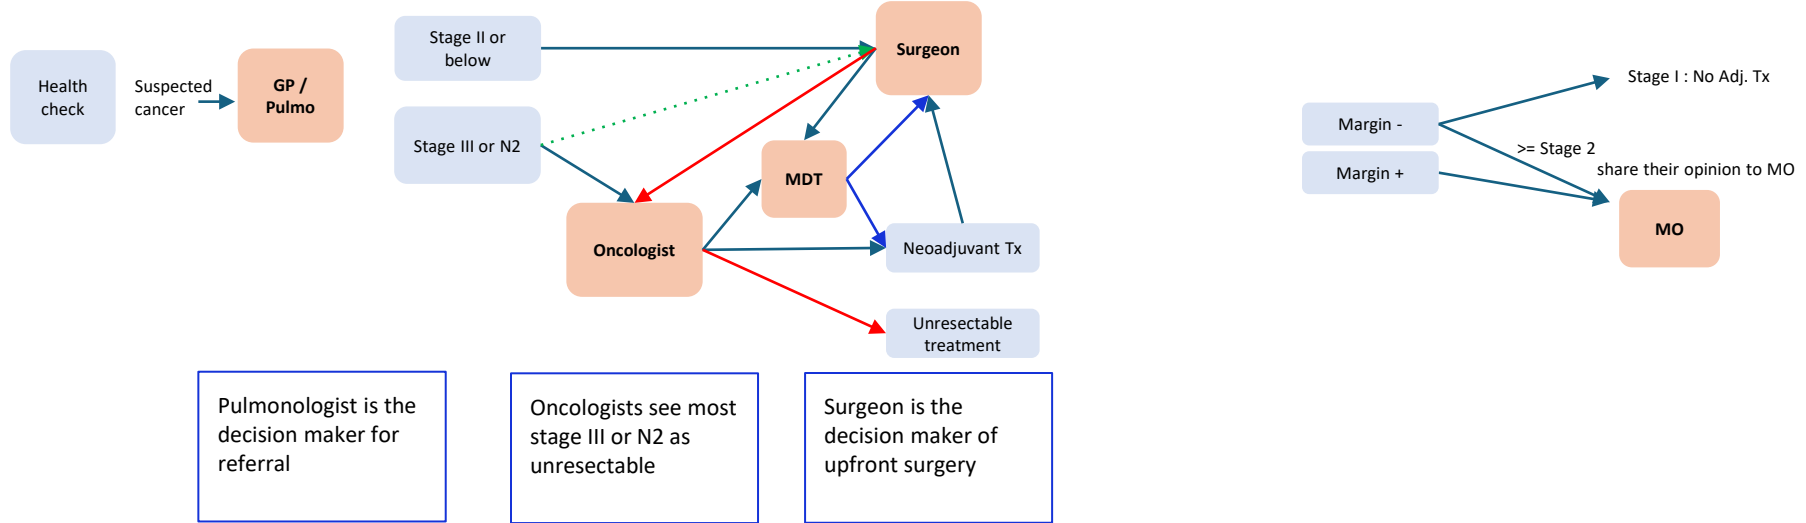

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Hong Kong Decision Flow :

Public hospitals

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

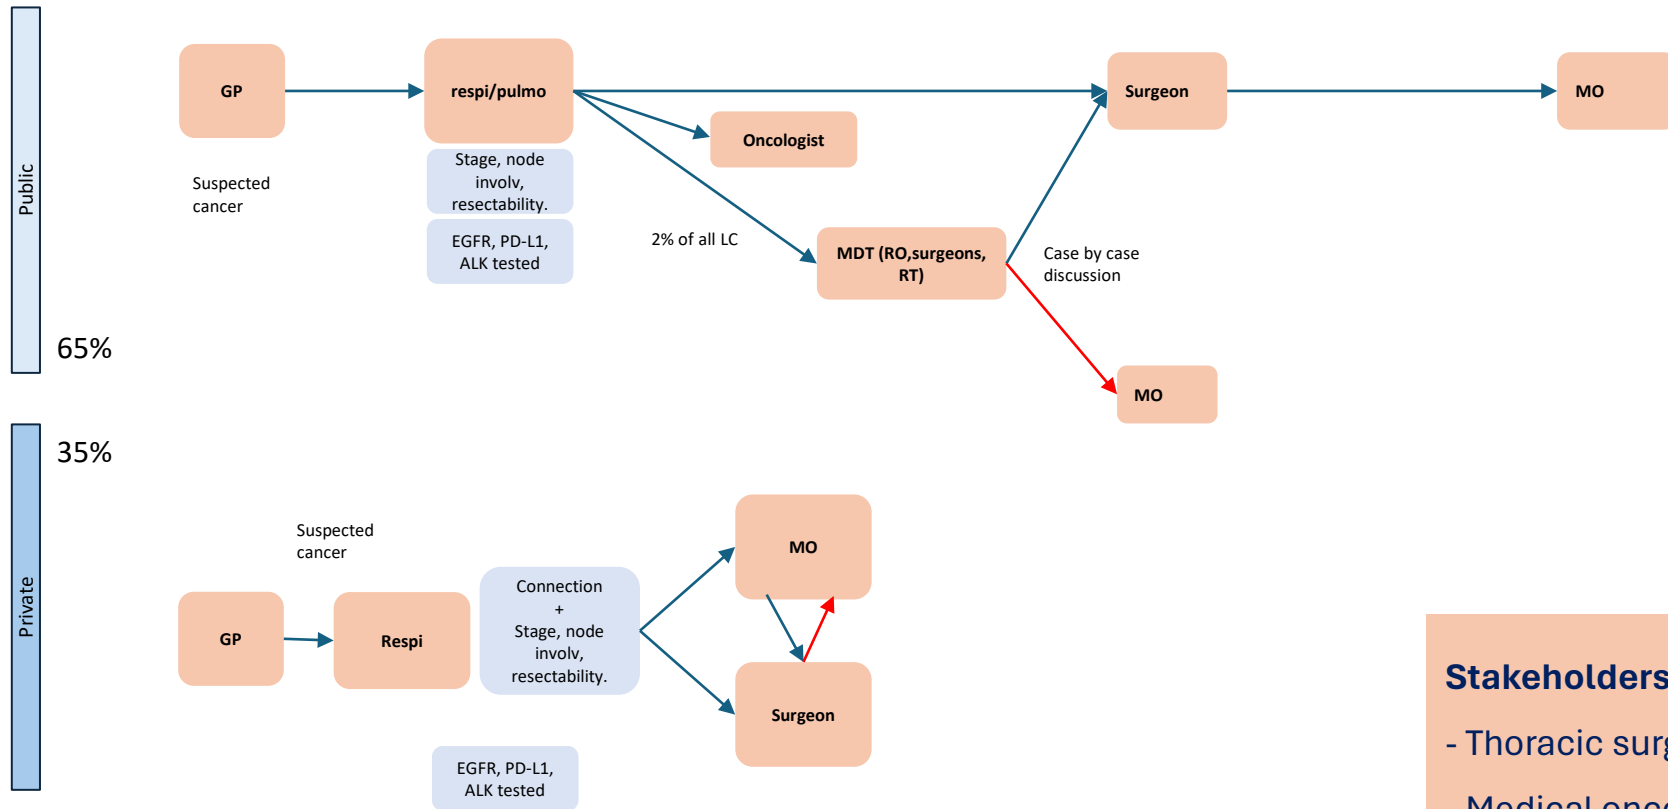

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Singapore Decision Flow :

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

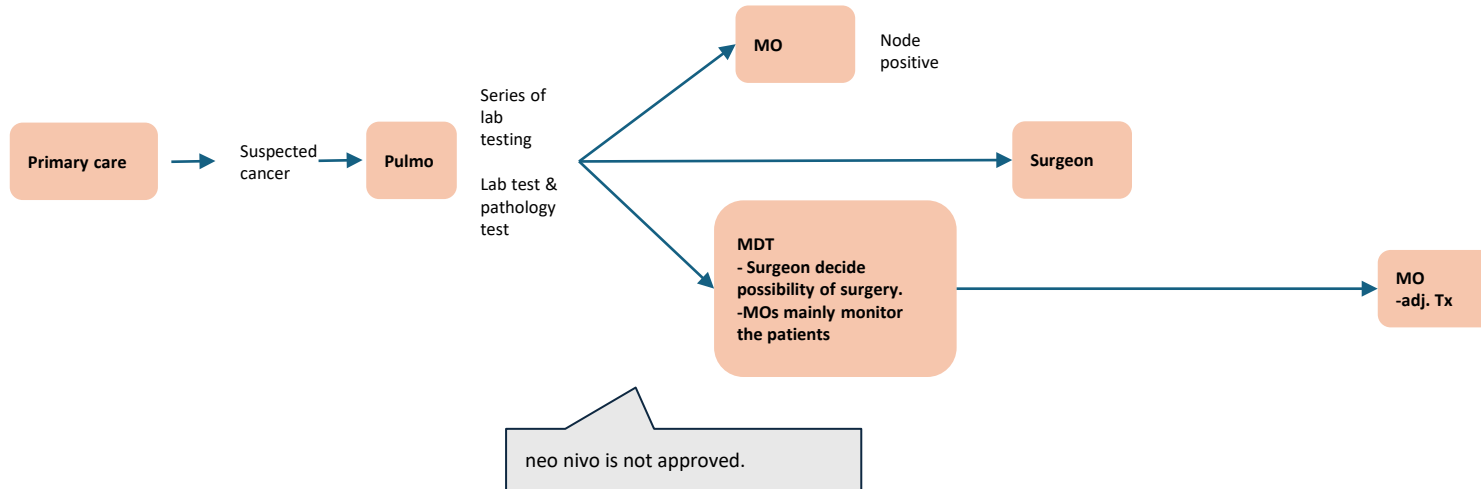

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Philippines Decision Flow :

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

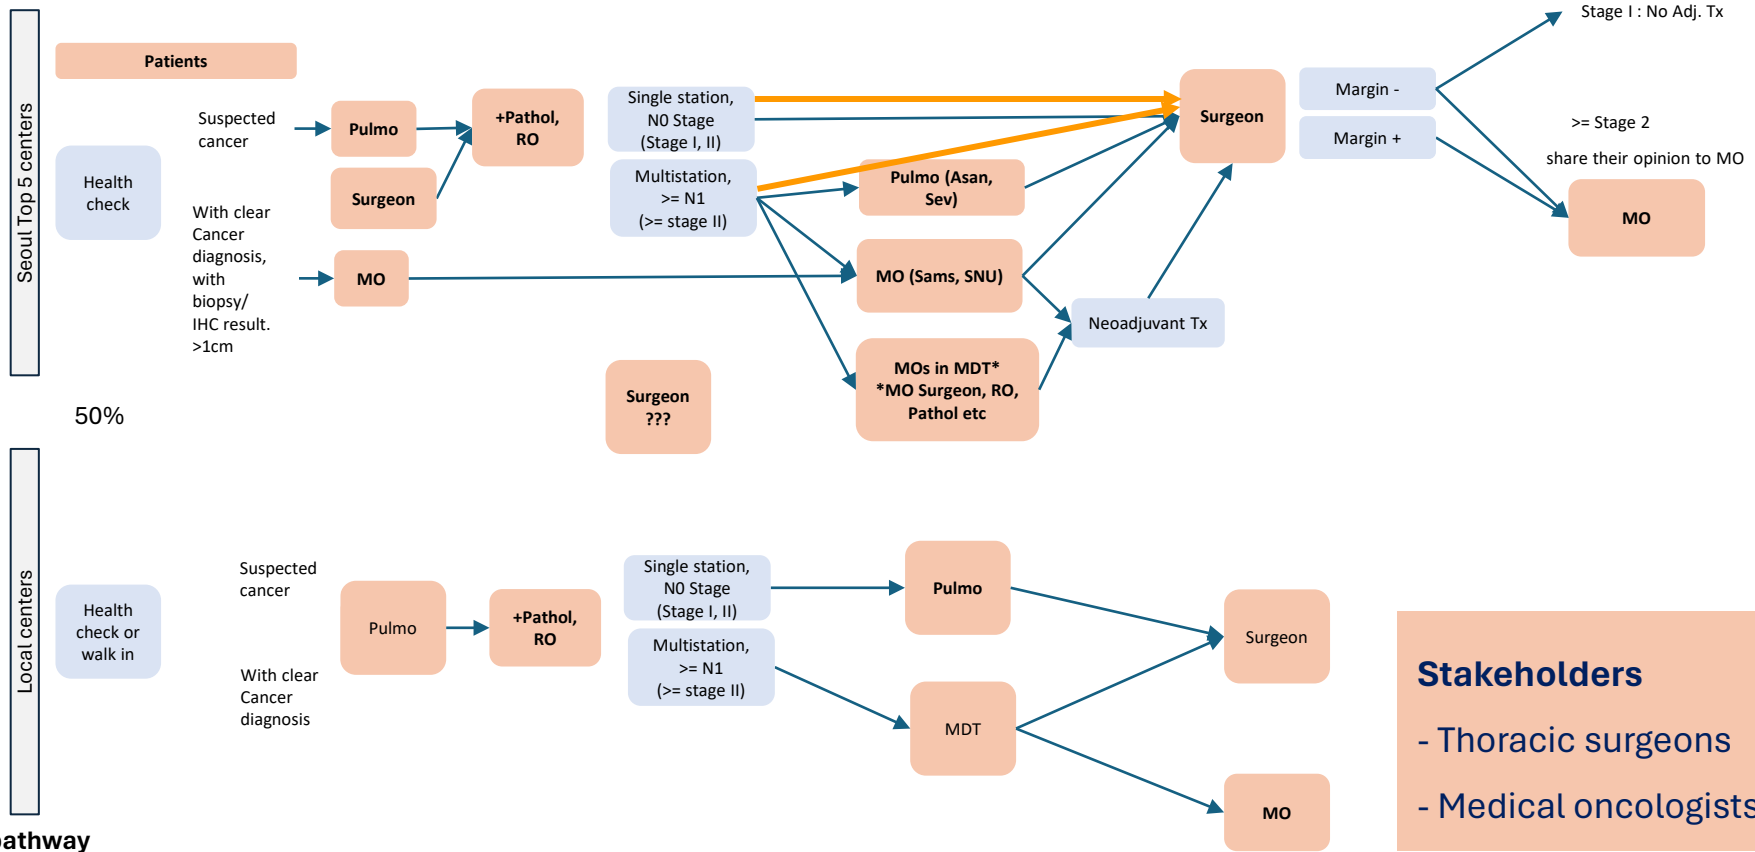

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

South Korea Decision Flow :

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Radiation Oncologists

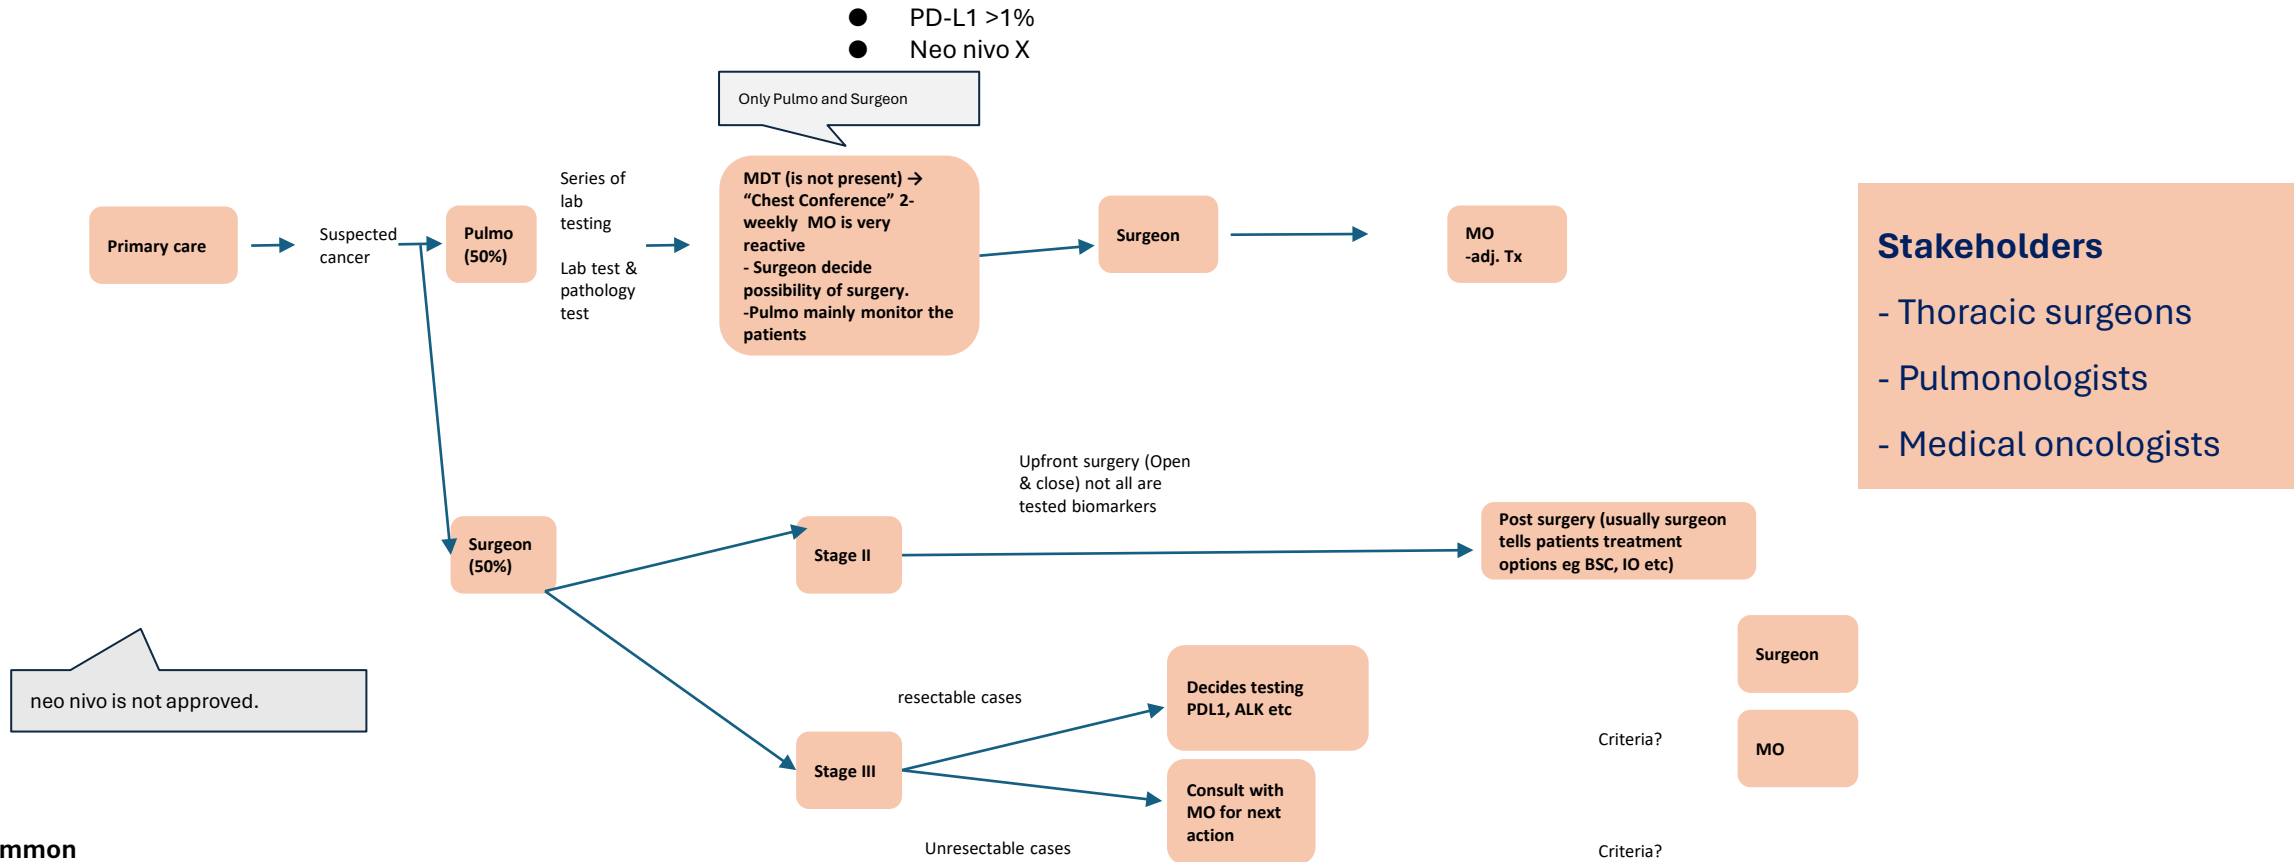

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Myanmar Decision Flow :

- PD-L1 >1%
- Neo nivo X

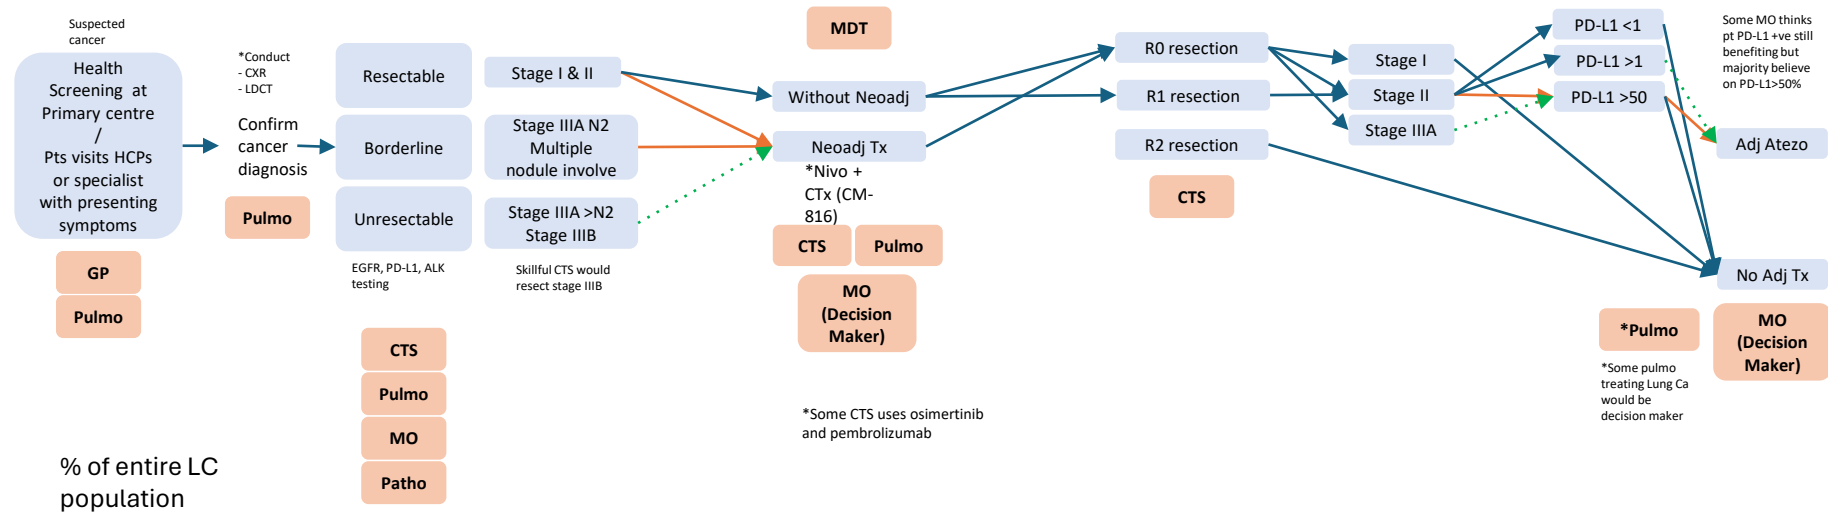

- Uncommon
- Unresectable pathway
- MDT Decision

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Malaysia Decision Flow :

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Radiation Oncologists

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

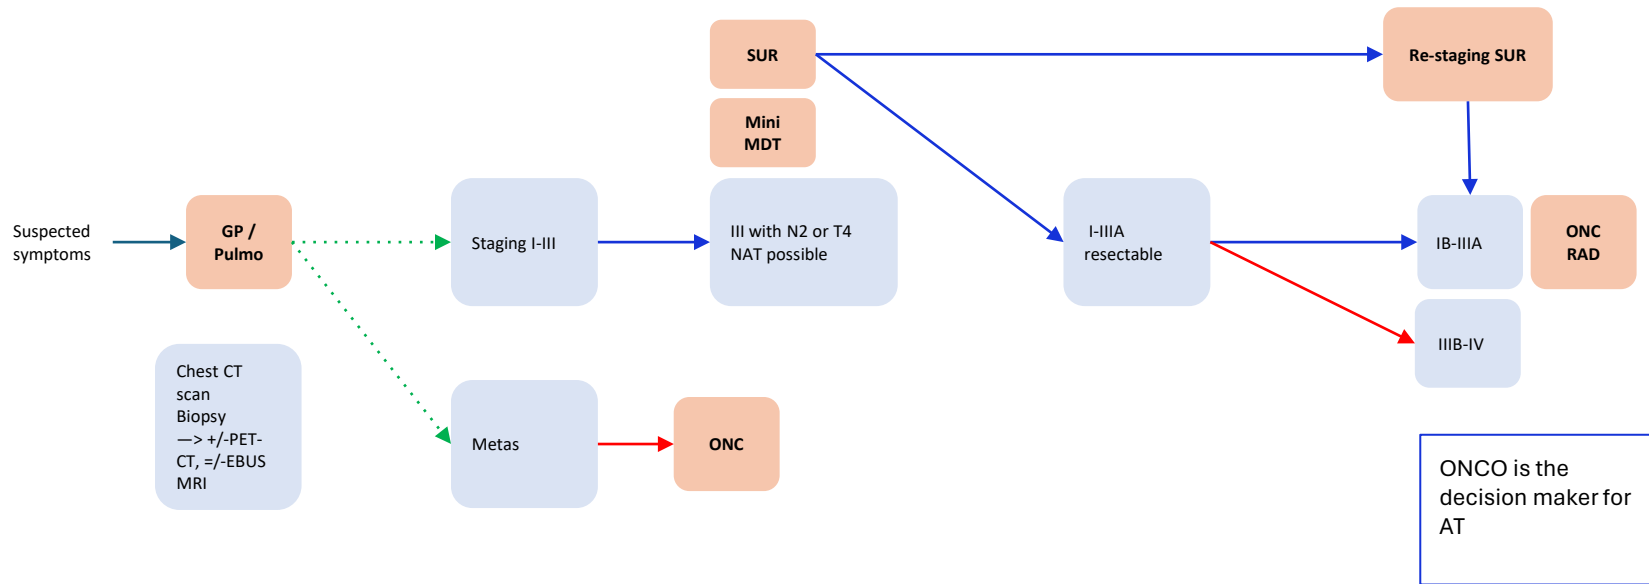

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Vietnam Decision Flow :

Key centers

OPD is the decision maker for referral

SUR is the decision maker for referral

Stakeholders

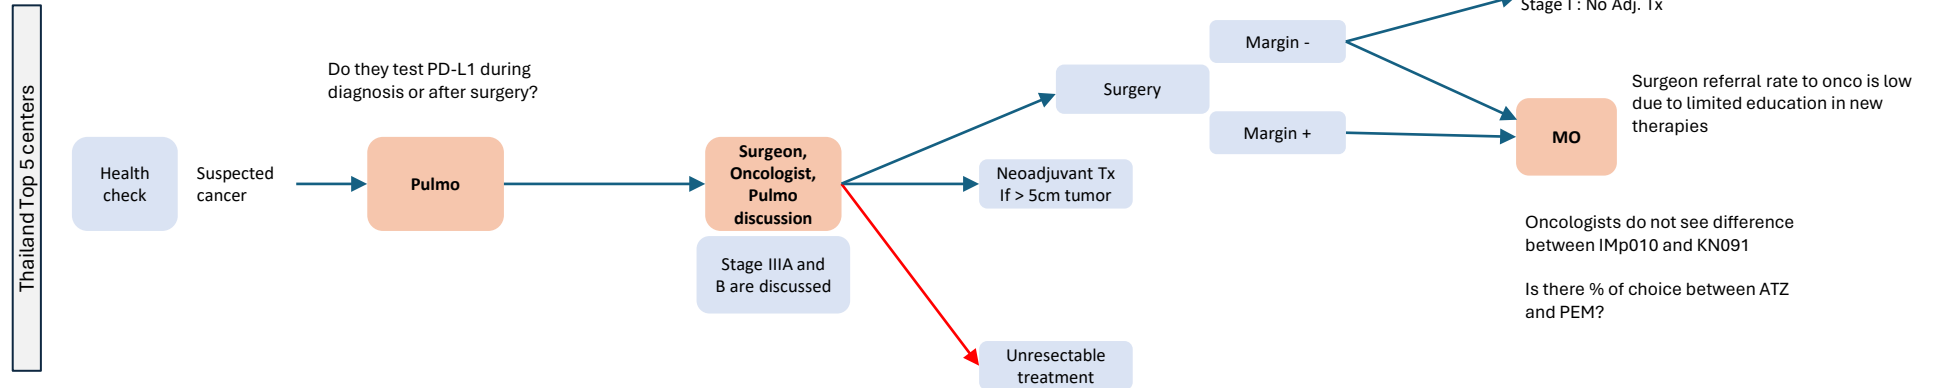

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Radiation Oncologists

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Thailand Decision Flow :

Surgeon can decide upfront surgery if they feel resectable

Only complicated case without confidence of surgery is referred to MDT

Stakeholders

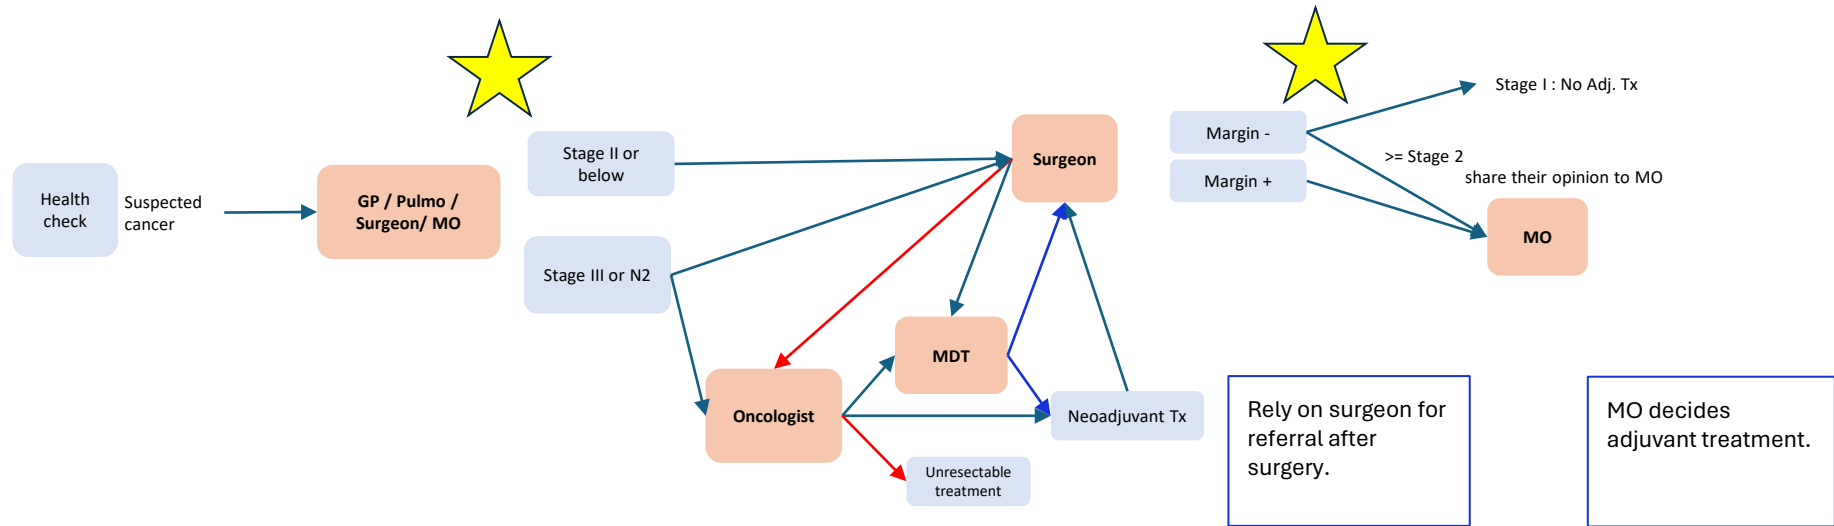

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Taiwan Decision Flow :

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)

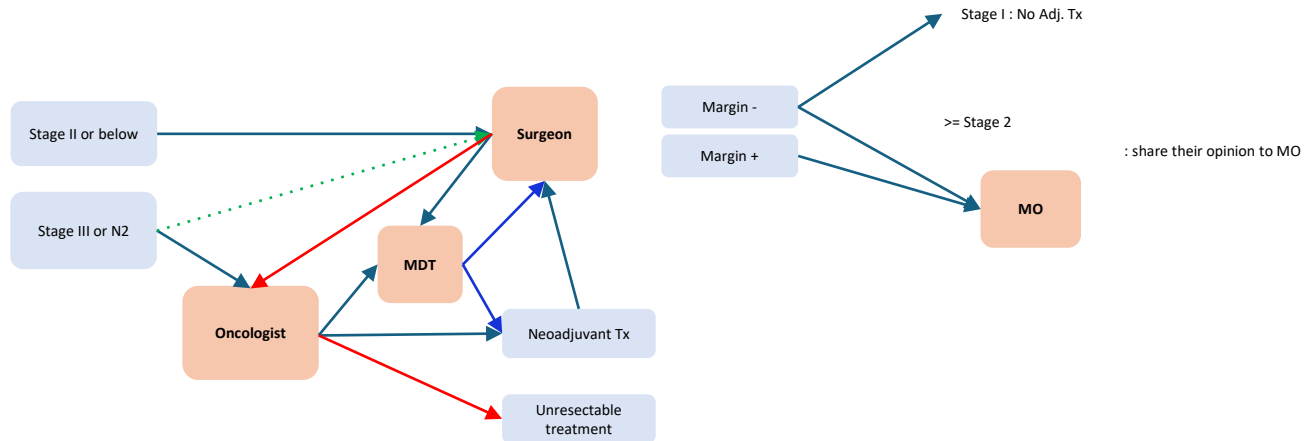

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Indonesia Decision Flow :

GP Respiratory
physician

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)

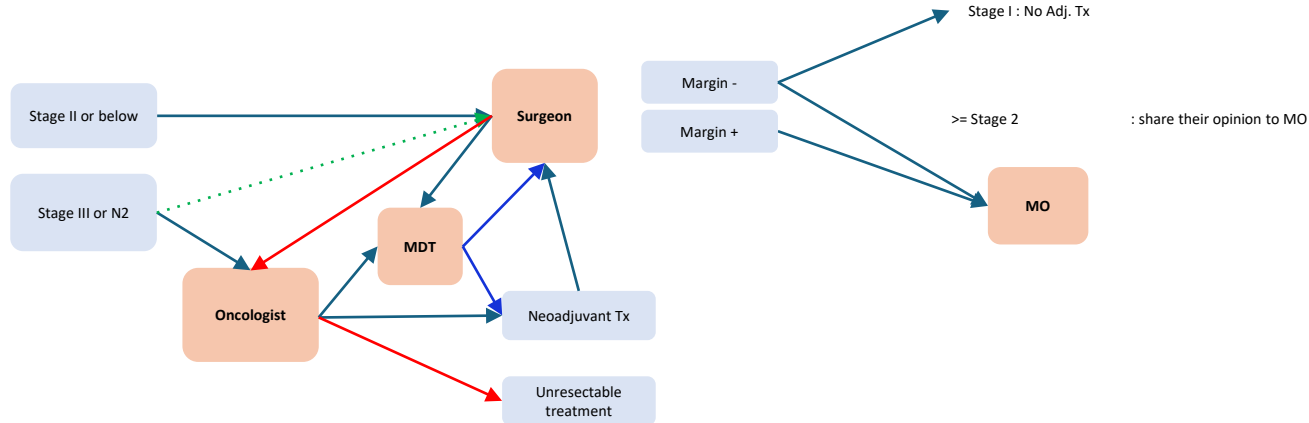

APAC Early Stage NSCLC Advisory Board: A Thoracic Surgeons Perspective

Australia Decision Flow :

GP Respiratory physician

-▶ Uncommon
- ▶ Unresectable pathway
- ▶ MDT Decision

Stakeholders

- Thoracic surgeons
- Pulmonologists
- Medical oncologists
- Clinical Oncologists (Radiation + medicine)
